PEMI MOUNTEERS Pemi Fish and Game Club, Holderness, NH

Perfect weather, high 30's to low 40's, sunny, zero wind! No snow, well just a skim to cover the icy patches. One out of three is pretty good isn't it? I can only ask for so much! We had 13 participate and another three who showed up with excuses but were great help in running the show. Scott, Dave and Alex, Ben and Jill plus Savannah with me showed up at 7:00 AM to help finish setting up since for a while I am not supposed to lift or raise my left arm high (new pacemaker!). Most of the others followed shortly and we had the safety talk, sight-in and warm-up and started the event by 10:00, finished by 10:45 allowing a period of practice shooting and trying different rifles and still were "outahere" before noon. Savannah, after missing two on the first bout, shot clean and then proceeded to shoot another 30 rounds without a miss in the practice session!

With no snow and the icy conditions we ran loops and a penalty loop on the lawn, worked out fine and all were satisfied with that.

Sorry for the goof folks but we told two shooters they were finished after 3 bouts plus a run See this noted in the results.

The next event is a winter biathlon on Saturday, Feb 3 see you then.
